SENSITISATION CAMPAIGN FOR HEAT WAVES ACTIVITY -POWERPOINT PRESENTATION -SPEECH IN MORNING ASSEMBLY

Sensitisation campaigns for heat waves are essential for empowering individuals and communities to take proactive measures to stay safe during extreme heat vents. Heat waves are becoming increasingly common due to climate change, posing serious risks to public health and wellbeing. Sensitisation campaigns play a crucial role in raising awareness and promoting preparedness to mitigate the adverse effects of heat waves.

Keeping all these points in mind a Power Point Presentation was prepared by volunteers of Disaster Management Society and a speech to sensitise students with Do's and Don't's during heat waves was presented by Kirat Kaur of XII Comm A.
